

[Citizen-based Monitoring of Frontline Service Delivery Revised Toolkit for Freedom House South Africa](#)

Afesis-corplan are proud to have revised the toolkit for Freedom House South Africa, titled: Citizen-based Monitoring of Frontline Service Delivery Toolkit. This toolkit was originally developed in 2017 with an aim of offering organised community groups with basic tools to use to organise, mobilise and engage – in a structured and meaningful manner- in local government with a view to improving service delivery. To view the full document click on the cover page below.
